

LEATHER SINCE 1933

Biltmore

Crafted in New Zealand's North Island, Biltmore is an aniline leather dressed with wax and oil that is milled and polished. A top sealant coat is then applied to achieve an elegant polished effect. When upholstered, the tannage's rich pull-up qualities create beautiful highs and lows across the hide that give this leather enhanced dimension and character. Crafted in New Zealand's North Island, Biltmore is an aniline leather dressed with wax and oil that is milled and polished. A top sealant coat is then applied to achieve an elegant polished effect.
