

# Como

Designed as a foundational suede with an expansive color offering, Como offers a rare balance of luxurious softness and lasting durability. Its supple surface has a refined, velvety touch, while its structure is engineered to perform beyond typical suedes, making it well suited for high-end furniture, upholstery, and leather goods.

## Note: Dye Lot Variation

*Como showcases the natural beauty and character of each hide. Because leather is a natural material and undergoes a specialized dyeing process, slight color variations may occur between dye lots. These variations are inherent to the material and contribute to each piece's unique appearance.*
