

LEATHER SINCE 1933

Cottswald

This rich Nubuck leather from Italy captures the essence of the luxury of touch. Tanned on fine European hides averaging more than 50 square feet, the soft velvety hand and lavish tracking effect of this leather exude subtle sophistication and elegance. The bright, energetic color palette is reminiscent of a tropical island, emulating exotic, eye-catching tones in nature that complement a texture that begs to be touched. When upholstered, the leather's luxurious nap draws in light and creates a soft glow. A treatment is applied during tanning to impart water repellency properties.

FEATURES

- Classic aniline nubuck
- Soft, subtle color palette
- Water resistant properties
