

LEATHER SINCE 1933

# Diablo

A natural, full aniline leather from Italy on English hides averaging more than 50 square feet. Diablo has a soft, clear waxy top that is complimented by a beautiful, polished surface. Rich transparencies throughout the hide mimic the look and feel of true calfskin. The calfskin-like grain is achieved through a vacuuming process that shrinks the leather and imparts it with a smooth, tight grain surface.
