

LEATHER SINCE 1933

Mini Teju

Mini Teju Lizard features an exotic pattern on our satin suede that emulates the teju lizard of the desert. A unique heat-transfer process allows for any color combination to be firmly embedded on the leather's surface with the most intricate of detail. A modern interpretation of a trendy, sought-after design, the suede's soft nap combined with the pattern's metallic sheen results in a leather that is appealing to the eye and to the touch. This is made to order. Production time is 2-3 weeks. Samples are stocked in limited quantity and may not be immediately available.
