

LEATHER SINCE 1933

Mont Blanc

Mont Blanc's appeal lies in its combination of unique qualities; from the vast selection of color choices that evolve and grow richer with time, to the drapery hand and beautiful surface, achieved through multiple layers of finishing waxes. Tanned in Northern Italy on large-scale English bull hides, Mont Blanc carries with it the heritage and artisanship of the highly skilled tanners that pour their expertise and care into every hide. **Carbon Neutral Leather by Moore & Giles** By choosing Mont Blanc, you will be offsetting embodied carbon impact through verified carbon offsets.
