

Storm

A full-bodied leather from Italy that provides the perfect blend of a Nubuck and a traditional oil/wax pull up leather. Once the leather is dressed with wax and oil, it is then washed to create a beautiful canvas of color tones and a unique surface feel. The leather is then polished to highlight these subtle contrasts and provide a more casual, less distressed appearance, reminiscent of the gently worn appearance seen in many garment leathers.

FEATURES

- Dressed with wax and oil
- Washed for a unique surface feel
- Polished to highlight subtle contrasts
