VERIFICATION CERTIFICATE - 2025 Q1

APRIL 1, 2025

Moore & Giles

Carbon Neutral - Mont Blanc & Tribeca 2025

This Verification Certificate denotes that Moore & Giles has purchased Verified Carbon Offsets for 100% of the life cycle carbon impacts resulting from the Upstream and Core Processes for 100% of included products produced in the verification period of January 1, 2025 through March 31, 2025.

This Verification Certificate is issued based on the expert, credentialed, and independent opinion(s) of the GreenEnergy GPO verification team.

Product Platforms included in the More & Giles Carbon Neutral program include the following:

- Mont Blanc
- Tribeca

Products are taxed using an internal carbon fee based on the Upstream and Core Processes of each product type and those fees are used to purchase 3rd party verified carbon offsets on a per metric ton basis. These values and purchases are verified by GreenEnergy GPO on a quarterly basis based on products sold per quarter.

VERIFICATION NUMBER : MG-12-2024-Q125

MOORE & GILES, has met the verification requirements for Carbon Neutral (100% based on the Upstream and Core Processes) of publicly reported third party verified LCAs & EPDs that can be found at the links above) for all products sold during the verification period.
