

TRAYNHAM CLUB CHAIR

The Traynham Club Chair is a commanding addition to any room. Neither overstuffed nor bulky, its confident and comfortable heft is derived from a reinforced frame of kiln-dried maple and walnut, a well-cushioned seat, and a generous measure of natural leather.

DETAILS:

CUSHION: The ultra-down seat cushions consist of a 2.3 density ultra-cell foam core encased in a sewn cotton/polyester blend cover that contains a down, feather, and fiber mixture. The ratio for the mix is 50% fiber and 50% down and feathers. The 50% down and feather mix is 25% down and 75% feathers. All foam for seats, backs and internal parts do not contain added flame retardants. All foams are Cal-117-2013 compliant and do not contain PBDE's or formaldehyde.

UPHOLSTERY: Please note fabric and leather dye lots vary. Pieces purchased separately or at different times may have variations in color.

FRAME MATERIAL: Solid Maple Wood
